

Prevent Strategy

As part of St James' CE Junior School's commitment to safeguarding and child protection we fully support the government's *Prevent Strategy*, and take guidance from *Teaching Approaches to help build resilience to extremism*.

What is the Prevent Strategy?

The Prevent strategy is a government strategy designed to stop people becoming terrorists or supporting terrorism. It:

- responds to the ideological challenge we face from terrorism and aspects of extremism, and the threat we face from those who promote these views
- provides practical help to prevent people from being drawn into terrorism and ensure they are given appropriate advice and support
- works with a wide range of sectors (including education, criminal justice, faith, charities, online and health)
